

LEGAL SERVICES/CRIMINAL JUSTICE/SPECIALTY COURTS SUBCOMMITTEE
7.5.22 11:45 AM- 1:15 PM
via Zoom and at City Hall

In Attendance:

Ronnie Rivera, Allison Patton, Kaitlyn Bonam, Connie Bookman, Terri Merrick, Blair Castro, Cathy White, Leslie Powell-Boudreaux, Micheael Kimberl, John Johnson

Discussion:

Connie reminded everyone about the George Stone tours that are coming up in July, and encouraged participation.

Ronnie gave a recap about the new ECSO Homeless bed dashboard, that they created in partnership with Wes Moreno and Emergency Management. It's not live yet, but they are going to look for community dialogue around it. Harris County had a great example that served as a model, as well as Austin and San Diego.

John is going to get together with the Dashboard partners to help provide information that is needed.

Allison also reviewed the intercept mappyinging, which plans to include a "warm hand off" in order to better follow up. The key to all of it, Kathy says, involved Case Management. Dave Torsell is also starting this EMT program to help those with overdoses.

Ronnie emphasized that the Homeless Bed Dashboard is going to be public so that the whole community can use these resources.

The group will all follow up via email with action items and more discussion .

MEETING ADJOURNED at 12:33 PM
